

## Notice of a Gas Supply Shortfall Trigger Event

### **AEMO Gas Supply Shortfall Trigger Notification**

AEMO has identified a gas supply shortfall trigger event at the Victoria, New South Wales, South Australia and Tasmania regions for gas day 19 July 2022 to gas day 30 September 2022. The trigger event notification occurred at 10:00 hrs AEST on 19 July 2022, after the DWGM Industry Conference.

The event is being triggered due to Information provided by gas-powered generators.

AEMO will proceed to convene a gas supply shortfall Assessment Conference with Members from impacted region and any other Members AEMO deems necessary to assess the gas supply shortfall trigger event.
